DR. ALAN'S GAME ANALYSIS

- Question ? Who is the NBA's # 1 BEST OVER team this year ?
- Answer: The Spurs are the NBA's # 1 BEST OVER team, as they have a cumulative 31-20-1 O/U (approx. 60 %) season long ATS total record !!!
No NBA team has produced more OVERS this year then the Spurs 31 OVERS !!!
- The Spurs are 6-4 O/U in their last 10 games !!!
Going back further, the Spurs have hit the OVER in 14 out of their last 20 games !!!
- One of the main reasons for the Spurs owning the NBA's # 1 BEST OVER whelming total record, is that they own the NBA's # 30 WORST defense !!!
The Spurs give up an average of 122.3 points per game defensively to their opponents !!!
- The 76ers are 6-4 O/U in their last 10 games !!!
Going back further, the 76ers have hit the OVER in 15 out of their last 20 games !!!
- The 76ers are the NBA's # 3 BEST OVER team, posting a cumulative 29-21 O/U (approx. 60 %) season long ATS record !!!
- In the last 8 games that these 2 squads have played against each other, the total record is an OVER whelming 5-3 O/U !!!
Part of that reason is that this is an NBA NON-CONFERENCE game, and the lack of familiarity tends to benefit the offense MORE than the defenses.
- NBA NON-CONFERENCE games historically have produced more OVERS then UNDERS !!!
This year has been no different, with NON-CONFERENCE OVERS hitting at an approx. 56 % clip !!!
- With a total of 234 points, the Question (?) becomes can each squad do their part and contribute 117 points to the total ?
Answer: YES THEY CAN !!!
- The Spurs have scored 117 or more points in 4 out of their last 10 games.
However, if they don't " keep up their end of the bargain " so to speak tonight, and contribute 117 points to the total, I'm very confident that their # 30 WORST NBA ranked defense will allow the 76ers to " make up the difference " !!!
- The 76ers have scored 117 or more points in 5 out of their last 10 games.
I am confident that they will more than do their part tonight and contribute at least 117 points vs. the Spurs # 30 WORST NBA defense, which gives up an average of 122.3 points per game !!!
- I expect to see a " track meet " with both squads being aggressive offensively, which means that we should see points, ALOT of points !!!

- And, as previously mentioned, if 1 squad doesn't " keep up their end of the bargain " so to speak, and score 117 points, the other squad can pick up the slack !!!
- Unless we see an OUTLIER GAME where all of a sudden, the pace of play slows down to a crawl & it turns into a defensive battle, or the offenses unexpectedly go ice cold, this game should finish with an OVER WHELMING final score of MORE than 234 total points !!!
- We will be making our selection on the total to go OVER 234 total points in this NBA NON-CONFERENCE Eastern vs. Western Conference battle between the Spurs vs. the 76ers down in the Lone Star State !!!

NOTE: The point spread is dependent on the wagering site used and when the game is bet. We wager on EVERY game given out and those tickets will be posted on the web site at the beginning of each week. Each ticket bought will be either \$500 or \$1000.

NO other sports handicapping service does this. We at wizardraceandsports.com believe in transparency and integrity. We back our selections with REAL MONEY.

Late injuries and/or illnesses ruling out players can result in big swings in the line and could be announced at any time - even as close as minutes before the start of the game. We at wizardraceandsports.com have no control over these line changes.

The line which we get when our wager is placed is what we use to grade our selections on wins and losses. This is the criteria we adhere to, which shows transparency in our weekly records.
