SPECIAL RELEASE

DR. ALAN'S GAME ANALYSIS

**Saturday, May 6, 2023**

## **GOLDEN STATE WARRIORS @ LOS ANGELES LAKERS**

**Game Time: 8:30 PM EST**

**Broadcast: ABC**

**Game Pick: TOTAL UNDER 228.5 POINTS**

Greetings friends !!!

For our Dr. Alan NBA basketball playoff total special release, we are going to take the total to go UNDER 228.5 total points in this Western Conference Game # 3 matchup between the Golden State Warriors vs. the Los Angeles Lakers.

### **DR. ALAN'S GAME ANALYSIS**

- This series is tied at 1-1. The Lakers won Game # 1 SU as a road dog coming away with a hard fought 117-112 victory. In Game # 2, the Warriors responded **BIG TIME** with a 127-100 blowout win (much to our delight as we backed the Warriors in Game # 2)
- Heading into this pivotal Game # 3, a compelling case could be made for both sides. I could see this game going either way. I think there is much **MORE VALUE** to be found in the total in this game.
- Game # 1 produced a total of 229 points and the total line set for that game was set at 227, going **OVER** by 2 points.
- Game # 2 produced a total of 227 points and the total line was set at 226.5 going **OVER** by a 1/2 half point.
- In the Warriors last 2 two games vs. the Kings before this series started, they produced 2 **UNDERS**, finishing with final point totals of 220 & 217 points respectively.
- In the Lakers last 2 games vs. the Grizzlies before this series started, it was the same, both games produced 2 **UNDERS**, finishing with 210 & 215 points respectively.
- The general betting public, which bets far more **OVER'S** than **UNDER'S**, **POUNDED** the **OVER** in the first 2 games of this series. And they were successful, cashing their tickets for both games (barely) on the **OVER**. And, the general betting public is back again, going for the trifecta, as they are once again **POUNGING** the **OVER**, as approx. 63 % of the bets have come in on the **OVER**.
- Based upon losing the on the total the last 2 games, and more public \$\$\$ money coming in on the **OVER** once again for Game # 3, the oddsmakers have finally adjusted the total line up to 228.5 to attract some **UNDER** money
- This is a pivotal Game # 3, and the feeling here is that as this series goes on, **BOTH** squads defenses are going to "lock down" and play tougher defense.

This in turn, will make it more likely that we will start to see some UNDER's come in as the series goes on.

- Combine that with the fact that we are now getting some VALUE on the oddsmakers adjusted total line of 228.5, which puts us FIRMLY on the SAME SIDE AS THE HOUSE WHO NEVER LOSES LONG TERM !!!  
(THE HOUSE is looking to break a 2-game losing streak to the general betting public on the totals for this series) A selection on the UNDER is a VALUE PLAY !!!
- We will be making our selection on the total to go UNDER 228.5 total points in this Western Conference Game # 2 battle between the Golden State Warriors vs. the Los Angeles Lakers in the City of Angels !!!

---

**GUARANTEE** If a game does not win based on the point spread, you will receive next week's equivalent game by email FREE OF CHARGE

**NON-GUARANTEE** Charge is applied regardless of the game outcome.

NOTE: The point spread is dependent on the wagering site used and when the game is bet. We wager on EVERY game given out and those tickets will be posted on the web site at the beginning of each week. Each ticket bought will be either \$500 or \$1000.

NO other sports handicapping service does this. We at [wizardraceandsports.com](http://wizardraceandsports.com) believe in transparency and integrity. We back our selections with REAL MONEY.

Late injuries and/or illnesses ruling out players can result in big swings in the line and could be announced at any time - even as close as minutes before the start of the game. We at [wizardraceandsports.com](http://wizardraceandsports.com) have no control over these line changes.

The line which we get when our wager is placed is what we use to grade our selections on wins and losses.

This is the criteria we adhere to, which shows transparency in our weekly records.
