Game Time: 8:30 PM EST

Broadcast: ABC

Game Pick: TOTAL UNDER 211 POINTS

Greetings friends !!!

For our Dr. Alan NBA Finals Game # 4 special release, we are going to take the total to go UNDER 211 total points in this NBA Finals Game # 4 matchup between the Denver Nuggets vs. the Miami Heat.

DR. ALAN'S GAME ANALYSIS

- This Nuggets have the 2-1 series lead as the Nuggets won Game #'s 1 & 3, while the Heat won Game # 2
- Heading into Game # 4, a compelling case could be made for both sides, and I could see this game going either way.
I think there is MUCH MORE VALUE to be found in the total in this game.
- This series has produced a total record of 1-2 O/U with the last game staying UNDER. Game # 1 produced 197 total points; Game # 2 produced 219 total points & Game # 3 produced 203 total points.
- As the NBA playoff series goes on, slowly fatigue starts to set in with " tired legs ", and adjustments are made defensively limiting the scoring.
Notably, there has ONLY BEEN 1 DAY OFF in between Game # 3 & Game # 4 !!!
- In Game # 3, several " KEY PLAYERS " on both squads logged heavy minutes in a 48 minute game i.e. - for the Nuggets " THE JOKER " & Jamal Murray each played 43 minutes & Aaron Gordon played 33 minutes.
- On the flip side, for the Heat, " JIMMY BUCKETS " & Bam Adebayo each played 40 minutes & Gabe Vincent played 32 minutes.
- This " FATIGUE FACTOR " could play a role in this game in our favor !!!
- The Miami Heat AT HOME have been an " UNDER MACHINE " this post season !!!
Including the 2 " PLAY IN " playoff games, the Heat have played 11 HOME GAMES and they have produced an UNDER WHELMING total record of 4-7 O/U !!! (approx. 65 % !!!)
- The Heat have lost 9 total games (combining both home & road) so far this post season, the last game being Game # 3.
In their PRIOR 8 playoff games (combining both home & road) this post season when playing off a loss in the following game, the Heat have turned in an EVEN BETTER UNDER WHELMING total record of 2-6 O/U !!! (approx. 75 % !!!)

- **RECENT NBA FINALS GAME # 4 HISTORY WILL BE ON OUR SIDE TONIGHT AS WELL !!!**
Since the 2005 NBA Finals, there have 18 NBA Finals Game # 4's, and they have produced an **EVEN BETTER UNDER WHELMING** total record of 4-14 O/U !!! (approx. 78 % !!!)
- And, " **THE KICKER** " is that NBA Finals Game # 4 **HOME TEAMS** that are down 2-1 in the series (**LIKE THE HEAT ARE TONIGHT !!!**) have produced a 100 % **PERFECT TOTAL RECORD** OF 0-10 O/U since the 2005 NBA Finals !!!
- Adding " **MORE FUEL TO THE FIRE** " is that 2023 NBA POST SEASON HISTORY IS ON OUR SIDE TONIGHT AS WELL !!!
This postseason in ALL ROUNDS, when the total line has been set at 211 OR BELOW, there have been 14 games played, and they have also produced an **UNDER WHLEMING** total record of 3-11 O/U !!! (approx. 78 % !!!)
- The general betting public, which bets far more OVER'S than UNDER's, has **POUNDED** the OVER in every game of this series. And they have a 1-2 O/U record, cashing their ticket in Game # 2, but failing to cash their tickets in Games # 1 & 3 when both games stayed UNDER. And, the general betting public is back at it again, as they are once again **POUNDING** the OVER, as approx. 70 % of the public bets have come in on the OVER !!!
To the general betting public this seems like easy \$\$\$ money, like taking candy from a baby.
- Despite all the previous total lines that ranged from 218.5 to 213 from Game's # 1 thru Game # 3, here in Game # 4, the Las Vegas oddsmakers & sportsbooks have gone the **OPPOSITE WAY & DROPPED** the total line to a new ' **ROCK BOTTOM** ' total line of 211, and they did this **FULLY KNOWING** that the sports books will be **FLOODED WITH OVER \$\$\$ MONEY !!!**
And, the general betting public has responded, with approx. 70 % of the public bets, coming in on the OVER !!!
- Given these facts, a logical (?) **Q.** question would be why would the Las Vegas oddsmakers & sportsbooks do this ??? It makes no sense, because **ONCE AGAIN**, on its surface it appears that they are making it easier for the general public to win tonight taking the OVER !!!
- **A.** answer: I am 100 % **CERTAIN** that the Las Vegas oddsmakers (**WHO ARE THE SHARPEST IN THE ENTIRE WORLD**) are aware of the historical statistics about NBA Finals Game #4's that I cited above, as well the Heats post season total record while playing at home & playing off a loss, along with all of their own statistical data (which I am sure is voluminous) and they " **BAKED IT INTO THE CAKE** " so to speak when they set this total line **SO LOW !!!**
- The sportsbooks a/k/a " **THE HOUSE** " as we all know, are **NOT** in the business of giving away " **FREE MONEY \$\$\$** " and they have " **TAKEN A POSITION ON THIS GAME** " on that is on the total to finish **UNDER 211** total points.
So, tonight, **ONCE AGAIN**, we will be on the same side as **THE HOUSE**. Does that guarantee us a win tonight ? No, of course not.
- However, what it does, is to put us **FIRMLY ON THE SAME SIDE AS THE HOUSE, WHICH IS WHERE WE WANT TO BE THE MAJORITY OF THE TIME, BECAUSE AS WE ALL KNOW, THE HOUSE NEVER LOSES LONG TERM !!!**
- We will be making our selection on the total to go **UNDER 211** total points in this NBA Finals Game # 4 battle between the Denver Nuggets vs. the Miami Heat in South Beach !!!

NOTE: The point spread is dependent on the wagering site used and when the game is bet. We wager on EVERY game given out and those tickets will be posted on the web site at the beginning of each week. Each ticket bought will be either \$500 or \$1000.

NO other sports handicapping service does this. We at wizardraceandsports.com believe in transparency and integrity.
We back our selections with REAL MONEY.

Late injuries and/or illnesses ruling out players can result in big swings in the line and could be announced at any time - even as close as minutes before the start of the game. We at wizardraceandsports.com have no control over these line changes.

The line which we get when our wager is placed is what we use to grade our selections on wins and losses.

This is the criteria we adhere to, which shows transparency in our weekly records.
