## **NEW YORK GIANTS @ WASHINGTON COMMANDERS**

**Game Time: 1 PM EST**

**Game Pick: TOTAL UNDER 38 POINTS**

Greetings friends!!! For our Dr. Alan NFL total game for week # 11 Sunday 11-19-23, we are going to make a selection on the total to UNDER 38 total points in this NFC East division battle between the New York Giants vs. the Washington Commanders There are several advantages & edges in our favor.

### **DR. ALAN'S GAME ANALYSIS**

The Giants are 2-8 O/U & the Commanders are 5-5 O/U This is an NFC East division game, and due to the same division familiarity, NFL division games produce more unders than overs. This is an outdoor division game which will be played on grass, and these games have gone under at an approx. 60 % clip!!! Further, these 2 squads have a recent history of playing low scoring games, the last 3 games have gone 0-3 O/U, as they met earlier this year in New York and the final score was Giants 14 Commanders 7 and both games last year produced 2 unders. The Giants offense has been horrible this year (and is even worse with rookie QB Tommy Devito under center taking over for the injured Daniel Jones) as they have scored 17 points or less in 9 out of their 10 games!!! We'll look for more of the same today between these 2 NFC East division rivals with another lower scoring affair with less than 38 total points being on the scoreboard when this game goes final
