SEATTLE SEAHAWKS @ LOS ANGELES RAMS

Game Time: 4:25 PM EST

Game Pick: LOS ANGELES RAMS - 1.5

Greetings friends!!! For our Dr. Alan NFL Week # 11 side selection for Sunday 11-19-23, we are going to back the small home favorite Los Angeles Rams - 1.5 vs. the Seattle Seahawks. There are several advantages & edges in our favor, as well as a Dr. Alan psychological handicapping advantage.

DR. ALAN'S GAME ANALYSIS

The Seahawks are 6-3 SU and are coming off a narrow 3 point non covering 29-26 SU win as a 6 point home favorite vs. the Commanders. The Rams are 3-6 SU and they had their bye week last week, so they have the scheduling advantage entering this game, as they have had 2 weeks to rest & prepare for this game. Prior to the bye week, the Rams lost 20-3 vs. the Packers in a game where Rams QB Matthew Stafford did not play. However, he is expected to play in this game. Thus, the Rams have been " stewing " for 2 weeks about that bad loss to the Packers, so that should help motivate them for this game.

The Rams have the head coaching advantage in this game. Seahawks head coach Pete Carroll is a great coach in his own right, but Rams head coach Sean McVay has " owned him ", winning SU in 4 out of the last 6 matchups vs. Pete Carroll, and going 9-1 ATS in their last 10 head to head matchups!!! Lastly, this is a " fishy line " to the general betting public. Why is a 3-6 squad favored over a 6-3 squad?!!! The general betting public looks at this and sees easy money \$\$\$, as the sportsbooks are reporting that 62 % of the public bets are coming in on the Seahawks, making them the dreaded " public dog"!!! However, despite the Rams only getting 38 % of the bets, the Rams account for 68 % of the handle, a clear sign of sharp \$\$\$ money on the Rams!!! We'll take the small risk and lay the - 1.5 points with the Rams

If a single game you purchased does not win based on the point spread, you will receive the next equivalent game FREE OF CHARGE.
